

Workers dismiss DAP service centre closure claims

TELUK INTAN: The Bandar Baru DAP service centre workers has dismissed claims that its office has been shut down.

A party member with the service team, who wanted to be known only as Cheong, said the centre was operating as usual.

He said party members still had unfinished business by the late Teluk Intan MP Seah Leong Peng that they needed to settle.

"We did close down the centre for a week after Seah's passing to help with the funeral ceremony," he said.

Cheong said the centre was closed temporarily at certain times for the members to carry out party work.

He was responding to claims that the Bandar Baru office was closed down because the members there were unhappy with the DAP leadership's choice of Dyana Sofya Mohd Daud to contest the Teluk Intan parliamentary seat by-election.
